These arrests are part of a large crackdown on activists and people managed to stay in their areas during the occupation of RSF, SAF military intelligent and their allied militias continue to arrest and detained activists and people whom managed to stay in their areas because they didn't have the means to leave, in some cases, execute them, like what happed in El Halfia Khartoum Bahari, as that represented grave human right violations,

This situation is critical as we learned they are subjected to questioning and maltreatment.

We urge, Sudan Armed Forces leaders to protect those whom being unjustly arrested and detained, and urge them to release them immediately,
